To Whom it may concern,

**Silvertemp – employment for seniors**

TBBCT have used Silvertemp employment for seniors, as a labour hire contractor since July 2014.

We were initially referred to Silvertemp by the General Manager of sister organisation, Northern Rivers Community Transport, who was impressed by the calibre of temporary staff they procured through this agency.

I have also been impressed by the calibre of temporary staff Silvertemp has provided. I have always found Art Beavis and his team to be professional and easy to deal with. Through Silvertemp, TBBCT have procured excellent temporary admin staff who have been well matched to our requirements. One temp staffer employed through Silvertemp was offered and accepted permanent work at TBBCT.

TBBCT's clientele is mainly from the aged or senior demographic. Silvertemp has provided staff who are able to understand and empathise with people we provide services to.

I highly recommend Silvertemp to anyone needing staff members with a broad range of capabilities developed through an extensive working life, and an understanding brought by their life experience.

Yours Sincerely

Phil Barron  
CEO

Tweed Byron and Ballina Community Transport Inc.
